Re: No. 53 - Baird v. Bar of Arizona

Dear Chief:

Pursuant to your suggestion on the Bench today, I recommend that our Clerk be instructed to request the parties to supplement the record in the above case as follows:

"The Chief Justice has requested me to inform the parties that the Court would like to have the record in this case supplemented by filing that part of the Bar Committee's file containing the answers of the petitioner to Question 25 of the Bar questionnaire. This request is made pursuant to the Chief Justice's understanding that when the matter was raised at the oral argument there was no objection by either party to this course."

If this meets with your approval, I suggest that you pass these instructions along to our Clerk.

Sincerely,

JMH

The Chief Justice
