2 FCC v. NATIONAL CITIZENS COMM. FOR BROADCASTING

MR. JUSTICE MARSHALL delivered the opinion of the Court.

At issue in these cases are Federal Communications Commission regulations governing the permissibility of common ownership of a radio or television broadcast station and a daily newspaper located in the same community. Second Report and Order (Docket No. 18110), 50 F. C. C. 2d 1046 (1975) (hereinafter cited as Order), as amended upon reconsideration, 53 F. C. C. 2d 589 (1975), codified in 47 CFR §§ 73.35, 73.240, 73.636 (1976). The regulations, adopted after a lengthy rulemaking proceeding, prospectively bar formation or transfer of co-located newspaper-broadcast combinations. Existing combinations are generally permitted to continue in operation. However, in communities in which there is common ownership of the only daily newspaper and the only broadcast station, or (where there is more than one broadcast station) of the only daily newspaper and the only television station, divestiture of either the newspaper or the broadcast station is required within five years, unless grounds for waiver are demonstrated.

The questions for decision are whether these regulations either exceed the Commission's authority under the Communications Act of 1934, 47 Stat. 1064, as amended, 48 U. S. C. § 151 *et seq.*, or violate the First or Fifth Amendment rights of newspaper owners; and whether the lines drawn by the Commission between new and existing newspaper-broadcast combinations, and between existing combinations subject to divestiture and those allowed to continue in operation, are arbitrary or capricious within the meaning of § 10 (e) of the Administrative Procedure Act, 5 U. S. C. § 706 (2)(A). For the reasons set forth below, we sustain the regulations in their entirety.

I

A

Under the regulatory scheme established by the Radio Act of 1927, 44 Stat. 1162, and continued in the Communications:
