The changes you propose in footnote 5 of your dissenting opinion certainly has my approval.

Contractors, Inc.

Dear Harry:

When I read Henry Lind's corrections of my dissenting opinion I found that one of my footnotes didn't make much sense and therefore I propose to change it as indicated by the enclosure. Bill Rehnquist has no objection to the change but since you joined the opinion I thought I should make sure it is all right with you.

Respectfully,

Justice Blackmun
